

Hello!

We hope you found the teacup planter and message that was gifted to you recently. Perhaps you found it at your front door?

The planter was made by a local community member as part of the **Message in a Teacup project** and gifted as a surprise to spread kindness, hope and inspiration in the local community.

If you enjoyed receiving the gift, we would love to share your feedback with the person who made it and others, to inspire more kindness in our neighbourhood!

If you feel like leaving a message to let us know about your surprise and how it made you feel, you can do so in a few ways:

1. Visit the website www.messageinateacup.org, search for your cup number and complete the form.
2. Email messageinateacup@gmail.com and write your message.
3. Text or call 0429 378 379 to leave a message.

You can remain anonymous or leave your name. It's up to you! And if you prefer not to leave a message that's completely fine.

If you would like to get involved and make your own cup to gift, you can find out how at the website. Enjoy your teacup planter and thank you for sharing the kindness!
